## OLYMPIC SKATE STAR BACK HOME

WELCOME HOME -- Jeannie. The welcoming committee from Wilmington was on hand to welcome home the Olympic Skating star at the Logan Airport in East Boston Tuesday night. On hand to greet her with a bouquet of roses were T. M. Lancaster, and Police Chief Paul Lynch. The large crowd that attended the homecoming of Jean, pictured above holding her roses were indicative of the town's pride in their Olympic Skating star. Jean looked tired but happy to be home.

## Urban Renewal Still On The Fire

Wilmington: If you have been wondering, as we have whether or not the Urban Renewal issue is still on the fire; it is and its getting hotter all the time.

A meeting of the Board of Selectmen and the Housing Authority was held at the town hall on Monday evening following the usual selectmen's meeting.

The need for an additional \$10000 in planning funds has brought about much controversy. The Federal Government is willing to release this if the selectmen will sign the request which they are reluctant to do.

They feel that the opinion of the town toward Urban Renewal has changed during the three years that the project has been tossed around.

Members of the board feel that there is no reason for not waiting to make the request until after the upcoming town meeting when a vote of the people should indicate whether or not they still are in favor of Urban Renewal at all.

Following approximately two hours of discussion, the meeting was adjourned and members of the board of selectmen went into executive session to talk it over among themselves.

## BUDGET SLASH

Tewksbury-A special meeting of the School Board and the Finance Committee was held at Memorial High School, Monday evening Feb. 29th. The School board adhered to the Finance Committee's recommendation to cut the budget. The figures as they now stand are:

Original School Board Request for expenses, \$227,511.00 was cut to the Finance Committee's recommendation of \$206,236.00. The School Board had also requested for capital outlay \$23,355.00 but it was cut to Finance Committee's recommendation of \$17,855.00.

## LWV To Discuss Garbage And Refuse Disposal

NORTH READING: The topic for discussion at the March 8, 9, and 10, unit meetings of the League of Women Voters will be the problems of garbage and refuse disposal in town. The League would welcome the attendance of all interested persons.

Meetings will be held at the home of Mrs. Joseph Sadlow, Park St. West, at 8 p.m., Tuesday, March 8; Mrs. Gregory Coffin, Chestnut and Haverhill St., Wed., Mar. 9, 8 p.m.; Mrs. Eleanor Luebker, 16 Pomeroy Rd., 9:30 a.m.

Many feel that the greatest public health problem in town at present is the manner in which we dispose of garbage and refuse. The present dump is becoming inadequate for our fast growing population. This dump is being used for garbage

as well as refuse. There are a number of possible solutions to our problem, all of which will be discussed at the LWV meetings. Points to be discussed at the next unit meetings are: How effectively would each of the possible solutions be in eliminating health hazards? What would be the effect on surrounding residential areas? What are the special soil and space problems in No. Reading? How much would each solution cost and how permanent would it be? How would collection be financed? How often should collections be made? Should the dump remain open to the public? Should special containers be required? Do the citizens want both refuse and garbage collected?

### Well-Who Is Next

The town of Wilmington will be electing two selectmen on Saturday. The resignation of Frank Hagerty from the board is expected within a few days. The acceptance of this resignation will leave the board minus one member.

The selectmen have the power to appoint an interim member for the remainder of the year until election next March.

Should they exercise their power and appoint a selectman, who would be the logical choice? Names are mentioned--no end to them--some of whom, no doubt could be efficient.

The logical choice would be a person who at least showed the public spirit to enter an election contest, even if he had been defeated. Lack of interest or fear of public censure are no qualifications to appointments to public office.

### The Government Only After They Take

Town Counsel Buzzell made a wise statement when he said that he would be in favor of withholding authorization for the WHA to receive an additional \$16,200 from the government to complete final plans for Urban Renewal. In his statement he said that he would like to know the towns reaction to urban renewal at the town meeting next week, and to see if the attitude of the town was in favor or against.

This paper agrees wholeheartedly with Mr. Buzzells statement "I am intelligent enough to know that the Federal Government does not give anything away for nothing, we, the citizens, pay."

### Job Security

The citizens of No. Reading are being asked to vote on a civil service bill allowing the Police Department to enjoy the security of their jobs.

At present, the police department members are appointed every year, and as a result, could be subjected to the whims and fancies of the appointing board.

The fact that the appointing board itself, the Board of Selectmen, are in favor of this referendum, along with the Police Chief, speaks for itself. Security in a job means peace of mind, a decided factor to be recognized as a means of efficiency.

### Congratulations

Wilmington--Congratulations are in order for Anday Gianino Jr., of Crest Ave., who celebrated his eleventh birthday last Wednesday with a small luncheon held in his honor at his home.

### Blitz Party Tuesday

Wilmington--The regular weekly Blitz Party sponsored by members of St. Dorothy's Parish will be held on Tuesday evening at the parish hall on Main St.

Following the games, a penny sale will be held and refreshments will be served.

The public is cordially invited.

### Letter to Editor

In recent weeks certain statements have been made about our schools in the press and elsewhere. These comments have been disturbing to the citizens and to members of the School Committee who are dedicated to the cause of better schools.

The first statement refers to the College successes of our graduates, and a check on recent questionnaires reveals that 84% of our graduates are succeeding in their college programs. The Guidance Director of the High School sent out queries to the graduates of Wilmington High School in the years 1954-58 and received responses from 54%. The results are listed below:

1. Students in Four-Year College
- 42 Graduated or still in College
- 5 Change of Interests
- 3 Dropped Out (Finances)
- 3 Dropped out (Marks)
- 1 Dropped out (Marriage)
- 11 Two-Three Year Schools (Nursing, etc.)
- 13 Graduated or still in school:
- 3 Change of Interest
- 1 Dropped Out (Illness)

The Guidance Director reports that recent returns and personal checking show the same ratios in the formal returns. This record appears all the more significant in years when Colleges are establishing more rigid standards, and yet better than 80% of our graduates are succeeding.

The other matter of concern is the statement that the School Committee spends much time on matters of relative unimportance. The community and the teachers are aware that the School Committee met with all the teachers by departments and grades over a period of fourteen months to discuss matters of curriculum and the general program. The Committee felt that this was a most profitable program, and one that helped our schools greatly. Although some items of School Committee business may appear routine, we have the responsibility to act formally on matters of personnel, teachers and pupils, purchases, budget, and general policy.

We feel that the Schools of Wilmington are well staffed and that our graduates are being prepared for a competitive world. Some of us remember years of short budgets, low salaries, and insufficient textbooks and supplies, but we worked hard to remedy these conditions, and we shall continue in the cause for better schools. It is our belief that this can best be effected by cooperative effort and constructive criticism and by no other means.

Sincerely,  
John F. Hartnett  
Ernest M. Crispo

106 are requested to be on hand at the town meeting on March 12 to help support the various bills which will benefit veterans organizations and the Memorial Day Program.

### TALK OF THE TOWN

By HANK FILIPPONE

The T.V. narrator covering the Winter Olympics at Squaw Valley, California, stated that the coping of third place in the women's Skating Meet by our Jeannie Ashworth was a surprise. The only surprise registered by our town residents was that Jeannie didn't place first. Plans are being made to welcome our 1960 Olympic Heroine, home.

The fact that our town officials at the meeting last week with the Housing Authority wouldn't consent to give authorization for the borrowing of additional money to complete final plans on Urban Renewal makes people wonder if the project as a whole has fallen into disfavor with the people. This urban renewal project was presented to the town in 1956 but to date, there is yet no information as to how much money it would cost the town. Its an old yankee custom that people like to know how much before saying yes.

The hopes of people who thought that the 38 would be widened soon got splashed with cold water when a letter from the DPW revealed that there is no immediate plans for doing so. You'll just have to wait a while longer, folks, and don't get optimistic over promises on it.

Election for town offices will be held this week in No. Reading and Wilmington. The candidates in North Reading have been making their appearances and have presented some issues. Wilmington candidates, however, have conducted an unusually quiet campaign and it appears as though the voting will be light this year. Quite a difference from last year when 3225 voters appeared at the High School for balloting.

### ODE TO SOME OF US

"They have such refined and delicate palates that they can discover no one worthy of their ballots, and then when someone terrible gets elected they say, 'there, that just what I expected' "

Robert McQuaide, Red McLaughlin and Ted Chisholm took off for Florida three weeks ago to soak up that highly publicized weather. Red and Bob came back sporting some mean looking tans while the Chisholm boy stayed on. Ah--Youth.

Russia may have taken the Olympics meet on points, but the showing of our U.S. Hockey team was one of the best ever seen on T.V. When one hears of the local boys who were on the US Team, one wonders if maybe the Boston Bruins wouldn't be interested.

ITS BEEN SAID--"We wouldn't mind the inevitability of death and taxes. If only they came in the order named"--"If you enjoy work, you're not working hard enough."

A couple of local growl sheets picked up syndicated news releases stating that our Jeannie Ashworth complained of certain conditions at Squaw Valley, California, scene of the 8th Olympics. Jeannie was quoted as saying she received inadequate coaching and that she was allowed to practice only at night in almost zero weather. Later news releases stated that Jeannie denied making those statements. Well, we prefer to believe that Jeannie, who proved herself a champ at the Olympics by her speed skating, is also a champion sport and did not say those things the way they were printed.

The polls for the Wilmington election open at the High School 10:00 a.m. Saturday morning and close at 8:00 p.m. The polls at No. Reading town hall open at 7 a.m. Monday morning and close at 8:00 p.m.

SCENE AROUND--THE POLICE DEPARTMENT getting ready for their housewarming party in their new quarters--CHIEF PAUL LYNCH being used as a model for the uniform supply house, Svelte figure and all--getting ready to welcome home our OLYMPIC CHAMPION JEAN ASHWORTH--groundwork being laid for the huge, huge cookout to be held in JULY by the LIONS CLUB OF WILMINGTON--HIGHWAY DEPARTMENT clearing CONCORD STREET of wooded growth preparatory to the widening of that street--WILMINGTON HIGH SCHOOL participating in a nationwide political quiz through questionnaires brought home to the parents of the students--UNCLE FRED CAIN back from FLORIDA and young FREDDY getting ready to go his recently won trip to Washington, D.C.--ROTARY CLUB completing final plans for their second WRESTLING Match at the high school gymnasium where popular Frankie SCARPA will meet with the MASKED MARVEL FABIAN, of course, SPRING is only three weeks away.

## Tewksbury Jr. High School Building Committee

Stephen A. Gendall, Chairman of the Tewksbury High School Bldg. Committee, outlined the findings of the Committee and its recommendations in talks to the Shawsheen School PTO on Tuesday February 16 and the Tewksbury Citizens Association on Wednesday Feb. 17.

Gendall reported that converting the old high school (now the Junior High) to a 750 pupil capacity Junior High School would require remodeling the old structure to provide head space for 350 pupils plus new construction to provide head space for 400 pupils and replace the gym, cafeteria, and shop space now converted to classrooms to provide space to the overflow enrollment of 607 pupils in grades 7 and 8.

The total cost of converting the old high school is about \$800,000. The cost of remodeling the old structure to provide head space for 350 pupils is about \$100,000, none of which is reimbursable by the State through the School Building Assistance Commission. The cost of new construction to provide head space for 400 additional students is about \$700,000, 50 percent of which is reimbursable by the state provided that the remodeled space in the old building meets the minimum requirements of the SBAC. Thus the per pupil cost of providing head space for the 400 additional pupils over and above the capacity of the old structure is about \$2,000. This is about 12 percent higher than the per pupil state average for new construction.

In view of the comparatively high per pupil cost of converting the old high school, and because needs have changed since conversion was first proposed, it was thought advisable to compare the cost of conversion with the cost of constructing a new school which would provide facilities more in line with foreseeable future needs. In a Building Needs Conference with the SBAC on December 3, 1959, projected school enrollment figures were studied that show that by 1962 there will be 763 pupils enrolled in grades 7 and 8, and 1,048 pupils enrolled in grades 9-12; in the following year Tewksbury Memorial High School will be overtaken by the enrollment of 1,224 pupils in grades 9-12, and grade 9 will have to be housed in the

Junior High School. Thus, in 1963 there will be a need for a Junior High to provide facilities for 1,145 pupils in grades 7 to 9.

As no funds were available to the committee it was not possible to have preliminary plans prepared for a new Junior High School. Estimates as to cost had to be based on the known costs of new construction of secondary schools throughout the state. In interviews with architects it was deemed reasonable to expect that a new 1,000 pupil Junior High School could be constructed at a cost no higher than the state average and probably could be constructed for somewhat less by sacrificing some of the trimmings. The best estimate is that a new Junior High could be constructed with facilities for 1,000 pupils at a cost of about \$1,500 per pupil or about \$1,500,000.

If it appeared that the town favored the construction of a new building, there remains the problem of selecting a new site. Three sites had been considered previously, two of these on state-owned land. The third site, on Shawsheen Street opposite the Heath Brook School, seemed the most desirable because it would be easier and faster to obtain the land is essentially flat and will require a minimum of grading; it is closer to the center of population and transportation costs would be lower; and the site will avail itself of the recently constructed sidewalks.

In view of the crowded conditions already existing in the old high school, and in view of the expected enrollment of 1,145 pupils in three years, and the comparatively high cost of converting the old building in terms of additional head space provided, the Committee recommends that plans for conversion be dropped at this time and plans for a new 1,000 pupil Junior High be prepared as soon as possible. On completion of the new school studies should be continued with the view of converting the old high school to be used as a sixth grade school to alleviate the pressure on the elementaries. It is further recommended that studies be continued to insure that the school needs of the town are kept up to date.

## Lake Side Boys Club

A meeting of the Lake Side Boys Club took place Tuesday night at the Silver Lake Betterment Hall with Pres. John Bowen presiding. Chaplain Richard Hartley, opened the meeting with a prayer. Secretary Richard Allard read the minutes of the last meeting and James Arnold the treasurer, gave his report on the financial status of the club. New business was discussed. The mothers of the boys were invited guests and they were greeted and welcomed by the president and the members. Plans are now underway for a whist party, the boys plan to make this a big success. Mrs. Chas. Baldwin and Mr. John Cafasso were guests of Honor, and gave the boys assurance of any help they can in the near future. Mr. Cafasso of the Silver Lake Hardware, made a generous contribution to the club.

The mothers attending were: Mrs. Alma Williams, Mrs. Ellery Burpee, Mrs. Louis Nolan, Mrs. John Bowen, Mrs. William Curtin, Mrs. Gallagher, Mrs. Roos, Mrs. McLaughlin, Mrs. Ann Rooney, Mrs. Christine Allard, Mrs. Marjorie Kendall, Mrs. Walter Spinks, Mrs. Charles Baldwin and Miss Carmen Saddler were guests of honor.

Refreshments were served by the members and the meeting adjourned at 9:30.

WILMINGTON--Admiral Maj. Clyde M. Martin's Commendation Medal are his proud family (left to right), his son, Ross, 18; his mother, Mrs. Angus A. Martin of South Dartmouth, Mass., and his wife, Maj. Martin, an Air Force Chaplain and native of Dorchester, Mass., who is studying at Boston University's School of Theology, received the Commendation Medal, his second, Thursday (Feb. 11), at a formal military review in his honor by the University's Air Force ROTC detachment in the Commonwealth Armory.

Prior to entering the service in 1944, Chaplain Martin was pastor of the Congregational Church in Wilmington, Mass., and also served on the town's police force. Referring to his unusual combination of religious and police work, he comments with a smile that "if you can't reform 'em one way you reform 'em another."

### P. O. Proposals Concerned About Sidewalks

Sealed proposals will be received by Distribution and Traffic Manager, Post office Department, Boston 9, Mass., until 4:30 O'clock P.M., March 31, 1960, for carrying the mails for a term from April 27, 1960 to June 30, 1963, between Woburn, Wilmington, Billerica, North Billerica, and Burlington.

For applications, and further information consult the Postmaster Wilmington, Mass.

Wilmington--John Collins, Superintendent of Schools wrote to the Board of Selectmen this week requesting that when work is done on Middlesex Ave., and Boutwell St., allowances be made for sidewalks as both areas are adjacent to schools.

It was stated that when improvements were made on roadways on the vicinity of any school, provisions will most assuredly be made for sidewalks.

### Tewksbury Selectmen Notes

Tewksbury--A letter to the town from the Department of Corporations and Taxation certified that the amount of available funds stood at \$252,335.15 as of January 1, 1960, the largest amount of free cash available for a number of years. The town may use this to reduce the tax rate or for some other purpose of their choice. Last year the amount was less than \$100,000.

At least \$100,000 of this year's amount may be placed in a savings account to gather interest, and be used for future building projects.

Also taken up at the recent Selectmen meeting with Mr. Abbott and Mr. Morrissey present, and Mr. Cluff and O'Connell absent, were letters concerning Civil Defense. It was agreed to turn them over to Edward Turowsky, Civil Defense Director.

A Sunday license and a Weekday license were granted to the Wamegat Miniature Golf Course.

The Board was in receipt of notices from the Board of Appeals concerning March 2 public hearings.

Chairman Whelan contacted Road Commissioner Gath after receiving a complaint from Paul Wastchak that the driveway next to his home was being plowed by a snow plow. Gath told the Board that the snow plow cannot back out of Mill Street and must turn around on the other side of the bridge. Mr. Abbott discussed the recent court decision that Mill Street was not confined to the Shawheen St., side of the river.

Motion was carried to table the application of Frank Carter for a Class II used car license.

The treasurer's warrant of \$28,410.36 was approved.

The annual report of the Board was submitted by Chairman Whelan and it was voted to include it as part of the minutes.

### Amvets Whist

Tewksbury--At the recent whist of the AMVETS Memorial Post 158, Mrs. Adolphe Demers of Lowell received the five dollar door prize. Barbara Theriault of Tewksbury and Joseph Brewster of Wilmington were winners of blankets. Refreshments served by Auxiliary members followed the whist.

The second of this series of monthly whists will be held late in March with the date to be announced later.

The Auxiliary recently participated in a party for ward patients at the Bedford Veterans Administration Hospital.

## Home-Made Bomb Injures Boy

Tewksbury-Local parents have been alerted to keep a watch on their children's playthings following a serious accident involving three Tewksbury youths. Donald Lepine, 15, of Marshall Street was rushed to St. John's hospital for an emergency operation after a fragment from a home-made bomb lodged in his leg. Wayne Gath of Marshall Street received burns about the eye, and Robert St. Peter of Newton Avenue was uninjured.

The boys had packed copper tubing with powder from powder caps and flares, used to signal trains to halt. Parents are urged to be on the lookout for such flares and caps as 52 are still missing from a Billerica Railroad supply box. Investigating officers Sergeant Eugene Manley and Officer Richard Mackey discovered 12 flares and 21 caps at the scene. It is believed that the missing flares and caps are in the possession of junior high students.

## Sun Oil Meets Friends And Foes In Wilmington

Wilmington: At Monday's meeting of the Board of Selectmen, a public hearing was conducted on the question of the Sun Oil Co. wishing to locate in Wilmington, on land located at 603 Main St. (very close to the intersection of routes 38 and 129).

Mr. Ramsey, a representative of Sun Oil was on hand with plans and pictures for the proposed station which he promised would be a modern, attractive building and an asset to the town. He stated that the nearest establishments owned by his company are in Tewksbury, Woburn, Burlington and Reading.

Their desire to locate here stems from the coming of Avco and the growth of the town as a whole. The property would be owned by the company, but would be leased to an individual, most likely a citizen of Wilmington.

Six businessmen, representing five of Wilmington's already operating filling stations were on hand to oppose the issue. Sam Grant, owner of the Texaco Station, Mr. Anderson of the North Wilmington Gulf Station, Mr. Lennox of the Jenny Station, Mr. Rich who owns an independent business and two representatives of Cunningham's Esso Station were among the opposition.

Mr. Grant acting as spokesman stated that there are now 15 filling stations in town, approximately one for every 800 people. He said that he feels we are supporting enough now and that the Board of Selectmen should make an effort to protect those who have been paying taxes for so long.

The members of the board made it clear that under present zoning laws the location of another gas station at the Main St. site is an accepted use and that perhaps trying to stop it would lead the town into a legal battle.

Following much discussion, the board agreed to take the matter under advisement and get in touch with Mr. Ramsey at a later date.

## VIOLATORS FINED

Tewksbury-James Manning, 18 of 102 Elm Avenue, Tewksbury was charged with operating an uninsured and unregistered vehicle, and after the suspension of his driver's license after his arrest on February 27 by Sgt. James Kane. Chandler Street was the scene of the arrest and Manning's suspended sentence on a former conviction of unlawful use of an auto was revoked, and he was sentenced to three months in the house of correction.

A ten day sentence issued for driving after suspension of license will be served concurrently with the three months sentence.

## INSIDE NORTH READING

Polly Nunes  
No. Reading 4-3892

Monday's the big day!!! The day when we have the privilege of exercising our right as free citizens to vote for the candidates of our choice. Let's take advantage of our rights as free citizens; after all, there are people in many parts of the world who yearn for the privileges we take for granted.

Of course all well informed voters should attend Candidates Night before going to the polls. With interest in our local election at a fever pitch and exceptionally good turn-out should be in evidence at the High School Auditorium Friday evening at eight. This is the third year our Local League of Women voters has sponsored a Candidates Night.

Of our 3900 registered voters, approximately 80 people were interested enough in the proposed spending of \$1,300,000 for a new Junior High School to attend the public meeting held at the High School last Tuesday evening.

However, very much in evidence were a number of our candidates, all of whom took advantage of the opportunity to make their presence known to the more or less captive audience.

The School Housing Comm., assisted by Mr. Stoner of Stoner Assoc. and Gregory Coffin, Asst. Supt. of Schools, presented the information, and stated that with our present school housing facilities, we double sessions would again be necessary by 1962. Pictures and plans of the proposed school were shown, as were charts of our projected school needs.

Mrs. Ruth Russell, speaking as chairman of the School Committee, summed up that group's feelings with three words "We need it."

Mrs. Harold Hassinger, Chairman of the Heart Fund Drive, reports that \$1,245.04 was collected in Sunday's house to house collection, with a few more returns still outstanding. In addition \$180.50 was collected from businesses in Town.

Next week will be an active one for PTA members. On Tuesday evening at 8 the Batchelder School PTA will meet in the School Cafeteria to hear Guy Pappa of this town speak on Child Guidance in the elementary grades. Mr. Pappa is presently doing internship work in guidance at Tufts University and the Bedford and Winchester Public Schools. Prior to this he taught for eight years in Colleges and private schools. This timely subject should draw a great deal of interest. A representative from the committee investigating the possibility of a 5-town mental health clinic is also expected to speak briefly at this meeting.

On Wednesday evening the North Street PTA will hold an open house from 7-8, followed by a brief business meeting. The program for the evening will be a Spring Fashion Show presented by the Landra-Suzanne Children's Shoppe. There will be 24 youthful models, two from each class room, who will show what the well dressed lasses and laddies will wear this spring.

At an executive meeting Monday night the North St. P.T.A., decided that they will sponsor a trip to the Museum of Science for the fifth and sixth grades, and a trip to the Children's Museum for the fourth grade.

With Mrs. Ruth Russell about to finish nine years of devoted service as a member of the School Committee, we realize that having woman's point of view on this Committee has become a tradition in our Town. Prior to Mrs. Russell's election, the late E. Ethel Little served for 21 years in the same capacity. This writer feels that having a qualified woman on this Committee, so closely concerned with our children, is a distinct advantage. Let's carry on the tradition.

Anyone desiring to have news of their activities may contact this correspondent before noon on Tuesday. Earlier, if possible, please.

Things should really be humming at Town Hall this Thursday night. There are now three hearings scheduled for 8:30 p.m. The Selectmen will hold the hearing on the application for gasoline storage by Ethel and Herbert Larkin. This was scheduled for last Thursday night and postponed because of Mr. MacRae's illness. The Board of Selectmen have also scheduled for 8:30 the hearing on the acceptance of Marshall Street Extension, Spruce Road and Charles Street. The Planning Board will also have a hearing at the same time on the application of the Pine Ridge Realty Inc. for the acceptance of three subdivisions. Guess I'll wear my track shoes.

We all look eagerly for harbingers of spring, and in America baseball seems to fit into this category. So it was with great delight that we received the announcement that the Little League season officially opens Sunday, May 1.

The enthusiasm which greeted the last open meeting of the No. Reading Garden Club was so great that another open meeting will be held on Wednesday March 29, 8:30 p.m., at the New Hall of the Union Congregational Church. Mrs. Robert G. Richards of Groveland, well known lecturer and flower arranger will be the guest speaker. Mrs. Richards is a member of the Lawrence, Andover and West Newbury Garden Clubs. She is a Nationally Accredited Flower Show Judge and has taught classes, lectured and judged flower shows throughout New England since 1945. She has served as chairman of the arrangement section of the Topsfield Fair for the past fifteen years. Reservations for this timely program must be made before Tuesday, Mar. 8, with Mrs. Sidney Titus or Mrs. Frederick Zarick.

## AROUND TEWKSBURY with Helen Murphy

Hope everybody has made final plans to attend Town Meeting Saturday, March 5th, at Memorial High School. At 10 A.M. Mr. Moderator will "rap the gavel" and the Tewksbury voter will once again be heard in the oldest and most democratic way known to man. If you are not in attendance you may not voice your opinion or cast your vote, don't just leave it up to the other fellow. BE THERE--IT'S YOUR TWIN MEETING

The initial meeting of the Tewksbury Women's Club got underway on last Thurs. Eve. with all sections of Town represented. If the spirit which prompted the women to organize continues to prevail, I feel certain this will be one organization in Town that will have to be reckoned with. Many views were aired, complaints registered, difference of opinions lead to many hot debates before the evening ended on a social note with a healthy resolution of everybody's opinion. Next meeting on Mar. 3rd. Contact Mrs. Clark at OI-8-3576 for more information.

If you will try to attend the regular P.T.O. meeting on Tues. Eve. Mar. 8th at the Shawsheen School you will have the opportunity to meet all the Candidates aspiring to Public Office who take the opportunity afforded them on this evening by this group.

So glad the S.T.B.A. has again extended their usual gracious offer to the various Candidates this year as they have for the past 8 years. This organization was the first to originate this practice which has been so well received by the people who do like to meet and talk to the various office seekers. Unlike years gone by they will not be present at the regular meeting but will be invited to attend on Thursday Evening, March 10 at 1 P.M. Try to be present at one of these meetings and make your own choice of the best possible Candidate for the office they seek.

It seems to me something could be done for the people down in the Heath St. area who are being constantly bothered by a pack of dogs who have recently caused quite a "To-Do". Latest complaint is entitled, "Operation Clothesline". Dogs tearing clothes off lines and being quite a threat to the numerous little ones who may be playing in their own yard. Folks down that way tell me that most of these dogs are not even licensed. Thought I'd mention it--as none of us would like to put up with it.

Getting mighty close to Spring - won't be long - I know a certain man who keeps bachelor quarters in Town, he has beaten all the women to it. Has all his Spring Cleaning done. Let's go girls!

See the Tewks. Teachers Ass. working hard and long hours to once again this year present to the Public another of their grand shows in May. Wed. night found the case all present and accounted for, giving their all. Mr. Edward Pelletier, heading up the Committee promises all a terrific show. Will have more particulars on this later.

If anybody in Town is wondering why Alice Lighfoot formerly, of Lake St. is looking so contented these days, it isn't only that she is happy with her new home on Birch St., she's been visiting that very exciting new Chinese Restaurant down on the Pike.

Friends of Mrs. Gladys Arsenault of Bond St. will be glad to hear she is on the mend after her recent operation.

Also up and around after his recent sojourn at St. John's is George Hamilton of Main St. Feeling fine and thanking all his kind friends for their many remembrances.

Welcome home also to "Baby Joseph" son of Mr. and Mrs. John Strem of Chandler St. who has been confined to the Hospital since Birth. Paternal Grandparents, Mr. and Mrs. Walter Strem of Warren Rd. and Maternal grandparent Mr. Daniel Sheahan of Main St., needless to say are all overjoyed.

Saddest news we heard this week was that Miss Maura Coyne of Vernon St. was rushed to the Hospital for an appendectomy. According to last reports she is doing well. Maura is the daughter of Mr. and Mrs. Walter Coyne.

See you next week.

Jay Razin, son of well known Attorney and Mrs. Louis Razin of 626 Chandler Street, Tewksbury was on the dean's list at Emerson College for two semesters last year, and one this year. Jay is majoring in speech therapy.

C.T.-1 Paul Chapman of Burlington was recently honored at a going away party given by Malcolm and Woodford Chapman, with fifty guests in attendance. He recently left for Germany where he will serve for the next three years.

Who was the "platinum blond" at the Coronation Ball at the Tewksbury High School on February 27? Pretty SDY!

Rosa Minkins, Pawtucket school teacher, appearing at the Lions Club Ladies Night recently, was one of the most charming people we've had a chance to meet. She carried away her attentive audience with tales of her trips to Europe, and was a fine example of what travellers can do to promote the American way of life while abroad.

Don't forget the Sodality of Saint William's fashion show at the regular meeting of March 8. The girls will model their own creations and it looks like a variety of styles will be shown. Just the thing to erase those winter blues.

The William Hurley Chapter Burlington DAV will hold their future meetings on the first and third Wednesdays of each month in the Burlington Public Library basement.

Burlington Girl Scout Troops 1, 8, and 20 will sponsor a Variety Show entitled "That's Entertainment" and the Memorial High School at 2:00 and 8:00 P.M. March 12.

Mrs. Ruth Turcotte of Sunset Road, Tewksbury, was injured recently when her car struck a pole in North Woburn at the Wilmington line.

The first of a series of Lenten services will take place at the Tewksbury Congregational Church on Ash Wednesday with Rev. Thurston Powell conducting a Bible Study group. Those attending are asked to bring their own Bibles. Thursday at 8:00 P.M. the newly organized Council of Churches will meet in the vestry.

It is interesting to learn that the recently disclosed budget figures in Tewksbury shows that approximately 1/4 of the tax dollar goes to pay the debt and interest for the new schools and water system. Another insight into where our money goes, and of interest to pre-Town Meeting money minded citizens.

## Well Known Senior Citizen Dies

NORTH READING: Funeral services were held at the First Baptist Church Saturday at 2 p.m. for the late E. Ethel Little, aged 77, of 343 Park St. Death overtook Mrs. Little suddenly last Wednesday in the home in which she had been born Sept. 29, 1882. The deceased, for whom the E. Ethel Little Elementary School was named, served 21 years on the School Committee. One of our most civic minded citizens, she received a scroll for her outstanding work in the Red Cross from Harry Truman while he was President. Mrs. Little served as Town Historian for many years, and was a past president of the West Village Women's Club, the Upland Club and the Daughters of the Union Veterans of Reading. She was also a member of the Old Boston Chapter of the Daughters of the American Revolution, and Clerk of the First Baptist Church for several years. She served for many years as a correspondent for the Lawrence Eagle, as well as the Reading Chronicle. She was also the author of many poems, often dedicated to special occasions in North Reading. She attended the North Reading Public Schools and graduated from Salem Normal School.

The church was filled to capacity for the funeral services with delegations from many groups and organizations in which she had been active, as well as most of the Town Officials in attendance.

Interment was at Riverside Cemetery, and Rev. Earton Robertson, pastor of the First Baptist Church, officiated.

## Buffet Supper Successful

Wilmington-The buffet supper held by members of the Wilmington-Tewksbury Hebrew Community Center proved to be a great success and was very well attended.

Dancing followed the meal and a fine time was had by all.

TEWKSBURY -- A Ham and Bean Supper at the Tewksbury Town Hall last week was the scene of much enjoyment. Pictured above are members of the Tewksbury Rod and Gun Club, sponsors of the Bean Supper, indulging in a bit of horseplay. (WC Photo by Don Hentschel)
